Description of Emblem

The emblem of the University has four salient images depicted in it: The red triangle with its apex pointing up, the bow, the arrow and the entwined snakes.

The triangle with the arrow underscores the Mission of the University: viz, to merge the three enduring objectives – Education, Healthcare and Research – represented by its three sides into a harmonized whole and hold it launched boldly up into the future. The arrow in addition, stands for the wand of Hermes (or the staff of Asclepius) and with the two entwined snakes represents the Caduceus, which has been traditionally used as the symbol of the medical profession. Uniquely, the bow here adds dynamism and a further dimension to the theme as it holds the arrow poised with its focus into posterity.

Motto

32nd CONVOCATION (VIRTUAL)

4th January, 2021

Annual Report of the University from 1st July, 2019 to 30th June, 2020

From the Chancellor's Desk

Dear Students

It is with much pleasure that I extend a warm welcome to you once again and to all the new students who enter the portals of Sri Ramachandra Institute of Higher Education and Research, in pursuit of knowledge and skill, during the academic year 2020-21.

This university offers an excellent ambience for your education and all round development. Keeping you in mind more and more new programmes have been started in the past year, which offer you ample opportunity for employment and higher studies. The competency based programmes are progressively adopted and you have also the choice of blended learning experience. The starting of a Faculty of Engineering and Technology to offer programs in the latest fields of computer sciences and technology, marks a major and significant goal achieved by the University in its quest for meeting societal and industry needs. As a result, the placement record of our students has been steadily increasing over the years.

I am happy to state that the significant achievements have led the University to be ranked 28th among all universities by the MHRD-NIRF Ranking 2020, while Sri Ramachandra Medical College and Research Institute was ranked 13th, Sri Ramachandra Faculty of Dental Sciences was ranked 7th and the Faculty of Pharmacy was placed at the 26th rank. Our strengths have been providing the best student, Teacher ratio with committed and experienced faculty.

Such recognition is especially meaningful during the COVID-19 pandemic. Right now, our healthcare workers are on the frontlines of battling the novel coronavirus disease that is prevalent throughout our nation. Our doctors, nurses, technicians, transporters, Emergency Medical Technologists, pharmacists and everyone who supports patient care, have risen to the occasion and are caring for our most vulnerable population, saving valuable lives. I thank them for the sacrifices that they make every day during this pandemic. Their dedication, commitment and courage deserve our deepest gratitude and admiration. It is a matter of pride that our Institution is involved in conducting clinical trials for Covid-19 vaccines being developed by the Serum Institute of India and Bharath Biotech, besides BCG vaccine.

I appreciate the academicians for doing their best to provide support for e-learning and online education to students and also for the conduct and publication of University examinations during the lock down period, overcoming many constraints.

At this juncture, all that I ask of the faculty, students and staff is their continued vigil without let or hindrance against the pandemic and their observing all the Covid-19 guidelines such as frequent hand sanitizing/washing, wearing of suitable masks and social/physical distancing and reporting any incident of infection immediately to the hospital, for proper follow up.

You will agree with me that the academic year 2020-21 will face enormous challenges under trying circumstances, due to Covid-19 and its impact, direct or indirect, on academic and other related activities. I am quite confident that with your whole hearted cooperation, we will overcome them with hard work, meticulous planning and dedication will march towards achieving our goals.

I convey my best wishes to you all.

V. R. VENKATAACHALAM

From the Pro-Chancellor's Desk

Dear Students,

At Sri Ramachandra Institute of Higher Education and Research we have always strived to create an inspiring atmosphere and learning environment in a beautiful, clean and hygienic campus recognised by the Swachh Campus Ranking of the Govt. of India.

I am happy that our University has witnessed significant growth in the past year, by substantially adding to the infrastructure and by starting new programmes that are socially relevant while meeting industry needs. Our dedicated commitment to academic excellence has resulted in achieving top ranks in National Institutional Ranking Framework (NIRF) Rankings 2020 and also in various surveys of best universities conducted by leading magazines such as the *India Today* and the *Outlook*.

These recognitions and accolades have emboldened us to seek new pastures. The establishment of the Faculty of Engineering and Technology to offer programs in the emerging areas computer science, and collaborative understanding with leading institutions in India and abroad are some of the significant steps taken during the last year. This year's goal would be to start the Department of Online and Distance Education.

On this occasion, I record here my deep appreciation of the selfless and dedicated service rendered by for all our healthcare workers – doctors, nurses, paramedical staff, technicians and others –during the crisis created by COVID-19 pandemic.

Our academicians have also risen to the occasion by conducting online classes and university examinations, without any let or hindrance during lock down caused by the pandemic, very much appreciated by students and their parents.

The challenges posed by the pandemic are too many. I have no doubt in my mind that with the wholehearted cooperation of faculty, students and staff, we will tackle them successfully.

I convey my greetings to the Students, faculty and staff, as they enter the new academic year and with them success in all their endeavours.

R. V. SENGUTUVAN

\From the Vice-Chancellor's Desk

Sri Ramachandra Institute of Higher Education and Research, one of the best-ranked universities in the country has made an immense contribution in the field of higher education, research, and health care. Over the years it has gained reputation and recognition through its best infrastructure facilities, academic excellence, research projects, patents, and international collaborations. This sustainable growth has been made possible through the quality human resources the institute has created and provided to the society incessantly, reinforcing the link between the institution and the community. The university acknowledges its social and national responsibilities by involving the stake holders of the nation in its ventures.

SRIHER has always been committed to quality service and I am glad to affirm that we have been performing at our best to meet the pandemic challenge, in support with our government. We have, as a team ensured that these restraints do not impede our academic activities and community outreach initiatives. Certainly, the pandemic has made us reconsider the approach of our work with a fresh perspective and attitudinal change to develop the capacity and skills for academics and health care delivery during these times. Our faculty have effectively explored virtual mode of interactive teaching and conduct of examinations with latest technologies to ensure continuity in the teaching-learning process.

I would like to thank our Chancellor & Pro-Chancellor for their astute leadership and support. I commend our management, faculty, staff and students for their untiring efforts and exemplary dedication. Further strengthening our resolve to accomplish the task at hand, our focus will be to review imminent challenges, devise solutions, create innovative education strategies and execute them expeditiously. While we take pride in our triumphs, we are constantly prepared to be on the front line and serve the society with profound commitment. Together, let us enhance each other's lives, nurture humanity with greater unanimity of purpose and desire to build a better world.

Stay safe and healthy!

Best Wishes

Welcome Address and Vice-Chancellor's report

by

Dr. P.V.Vijayaraghavan
Vice-Chancellor

at the 32nd Convocation (Virtual) held on the 4th January, 2021.

.....

Respected Chancellor, Shri.V.R.Venkataachalam, Respected Pro-Chancellor, Shri. R.V.Sengutuvan, Esteemed Chief Guest, Dr. Harsh Vardhan, Hon'ble Minister of Health & Family Welfare, Science & Technology and Earth Sciences, Govt. of India, Trustees of Sri Ramachandra Educational & Health Trust, Professor of Eminence and Dean-Research, Prof. S.P.Thyagarajan, Former Vice-Chancellors, Prof. S. Thanikachalam and Prof. J.S.N. Murthy, Members of the Board of Management and Academic Council, Dean of Faculties, Registrar, Controller of Examinations, Dean of Students, Deans of the Medical and Dental Colleges, Provost of Faculty of Engineering and Technology, Special Officer, Academic Officer, Principals, Vice-Principals, Director-Faculty of Management, Chief Operating Officer of Medical Center, Medical Director, Medical Superintendent, Associate and Assistant Deans, Members of Faculty, Staff, Students and Parents, Distinguished Dignitaries and Invitees, Members of the Media, parents, and my dear Graduands!!

I am very happy to extend a warm welcome and thank you all for your virtual presence in the 32nd Convocation of Sri Ramachandra Institute of Higher Education and Research which is held virtually due to Covid-19 pandemic.

I am also happy to present a brief report on the most important happenings during the last academic year. It is also my privilege to make a formal introduction of our distinguished Chief Guest, Dr. Harsh Vardhan, Hon'ble Minister of Health & Family Welfare, Science & Technology and Earth Sciences, Govt. of India.

At all important functions of the University, we invoke the blessings of our beloved Founder-Chancellor, Shri N.P.V. Ramasamy Udayar, respectfully and fondly called by the Ramachandra family as 'Ayya'. Founding a private medical college with an attached teaching hospital in the eighties was certainly a herculean task and a pioneering effort in Tamil Nadu, by any standard. The fact that Ayya could achieve

this task admirably, against all odds, speaks volumes of his determination and perseverance, driven solely by the noble objective of serving the society by providing quality health care and education. One cannot miss the golden touch of Ayya anywhere in this vast green campus, be it the excellent buildings, modern classrooms, labs, international standard playing fields and lush green landscapes. Sri Ramachandra Family paid homage to Ayya by releasing a commemorative postal stamp on the occasion of his 22nd death anniversary on 14th December, 2020.

This great and enduring legacy was passed on by Ayya to his beloved son, Shri V.R. Venkataachalam in 1998, who, as the Chancellor of the University, has been guiding its growth with meticulous care and unwavering zeal. As a result, the University has achieved Category One Status from the UGC, paving the way for more academic flexibility, starting of new academic programmes across Faculties, including Engineering & Technology and Research initiatives, to meet the current and growing needs of the society. Concomitantly, there has been significant expansion of infrastructure and addition of talented faculty. Collaborations with national and international institutions have been actively pursued and achieved, due to our Chancellor's constant encouragement. A noteworthy example of such collaboration is the conduct of two clinical trials for Covid-19 vaccine with Serum Institute of India Pvt. Ltd. and Bharath Biotech International Ltd.

On this occasion, we thank our beloved Chancellor for his guidance, support and dynamic leadership. On behalf of all those are present here, I extend a hearty welcome to our respected Chancellor Shri. V.R. Venkataachalam.

We feel very fortunate to have Shri R.V. Sengutuvan, as our young and dynamic Pro-Chancellor, whose encouragement and support has made us initiate 38 novel and unique programmes during the last two years. Achieving comprehensive e-governance in the university is his yet another major initiative towards achieving international standards in health care delivery and education. It is my privilege to extend a warm welcome to our beloved Pro-Chancellor Shri. R.V. Sengutuvan.

It is my pleasure and honour to extend a cordial welcome to our chief guest Dr. Harsh Vardhan, Union Minister for Health & Family Welfare, Science & Technology

and Earth Sciences. Dr. Harsh Vardhan has a long and distinguished record of public service, leaving his indelible mark in all domains of responsibilities assumed. An ENT surgeon by profession, Dr. Harsh Vardhan branched out into public life in 1993, when he got elected to the Delhi Assembly & then for four more successive terms and to the Lok Sabha in 2014 and 2019.

Dr. Harsh Vardhan's public life has been marked by spectacular achievements in the fields of health, education, law, science & technology and environment. As the country's health minister, his proactive handling of the ongoing COVID-19 crisis and his exemplary work in combating the pandemic has helped India to limit the spread. He has strengthened the health infrastructure and helped in building capacity of over two million frontline human resources in fight against COVID-19. He has also launched a 24-hour helpline - COVID India Seva, an initiative between the ministry and Twitter India which has enabled transparent e-governance delivery in real-time. Dr. Harsh Vardhan has urged the states to promote mobile app **ArogyaSetu** to bring the people of the country together in a resolute fight against COVID-19.

In his early public life, Dr. Harsh Vardhan pioneered the Pulse Polio programme in India for which he was honoured with Rotary International's 'Polio Eradication Champion Award'. The World Health Organization (WHO) also awarded Dr. Harsh Vardhan the WHO Director-General's Commendation Medal in Rio de Janeiro, Brazil (May 1998). Subsequently, he was at the forefront of the battle against tobacco and drug abuse and was instrumental in the enactment of several laws including the Delhi Prohibition of Smoking in Public Places & Non-Smokers Health Protection Act to tackle these problems. The Rational Drug Policy, the first of its kind novel idea implemented by him was recognized by the WHO as the Delhi Model and was adopted by many countries.

Dr. Harsh Vardhan is recognized as a global thought leader, known for inspiring people with his innovative ideas and bearing the vision to turn them into reality. He is known for his simplicity, honesty, clean and inclusive politics, bearing no dogmas. He is a leader who embraces inclusion that gels communities and teams together and unites people. He follows the principles of Swami Vivekananda, and has a great belief in Vedanta and Yoga.

As a leader at the helm of the Ministry of Science and Technology, he is committed to setting up a roadmap for the implementation of 'Make in India' programme, for building a robust R&D infrastructure and promoting synergies between industry and scientific research institutions.

At the Ministry of Environment, he had been instrumental in planting the seeds of a mass movement to make the protection and preservation of the environment, the commitment and goal of every citizen. He is a recipient of countless national and international awards for his extraordinary leadership and services in healthcare and protection of the environment. In addition, two significant pieces of legislation that bear his stamp are the Delhi Physiotherapy and Occupational Therapy Act and Delhi Artificial Insemination Act.

Dr. Harsh Vardhan as a committed health practitioner, is the first Indian in the nomination of experts for the prestigious WHO body, the Strategic Advisory Group of Experts (SAGE), in this capacity he counselled the international body on developing policies on vaccines and biologicals. He was elected to the office of Chairperson of the executive board of the WHO since May 2020. Dr. Harsh Vardhan has presented research papers at several national and international conferences and contributed to the world's leading medical journals. He regularly contributes articles on environment, health, medical ethics and progressive issues to mainstream media. Dr. Harsh Vardhan believes in the medical efficacy of yoga and physical exercise and made sports, yoga and value education compulsory in the school curriculum.

As a nation builder and a relentless contributor to the development of modern India, we seek your continuing support and best wishes. I welcome you Sir, and thank you for accepting to grace this virtual convocation.

On this important occasion, I would like to place on record the fortitude, courage and sacrifice by the SRIHER healthcare team meeting the needs of the society during the Covid-19 pandemic. We remain forever grateful to our Chancellor and Pro-Chancellor for their concern for the welfare of doctors, nurses and staff of the hospital, faculty, students and staff of the colleges, ensuring all protective measures were made available, unmindful of the cost involved. Their unstinting support has

been a great source of strength and motivation for all of us, to give our best in these trying circumstances.

SRIHER had put in place all the policies and procedures in anticipation of the COVID-19 epidemic, much before the first case was reported in Tamil Nadu. The infection control machinery was activated with the formation of the Multi-disciplinary team to address patient management issues. Extensive sensitization programs were conducted by the faculty for all staff, students, and health care workers with emphasis on COVID -19 prevention measures. Provision was made for the availability of Personal protective equipment for all health care workers and exclusive Covid-19 wards and ICUs were made available. Sri Ramachandra Laboratory Services lost no time in seeking recognition from ICMR for COVID-19 testing and it was the fourth lab in the State to be accredited by the ICMR. Among the quality initiatives was the preparation of a manual containing all standard operating procedures relating to COVID-19, accessible on the website. With the onslaught of COVID-19, an outpatient fever clinic was established, and all patients were triaged. SRMC offered uninterrupted patient care services for oncology, dialysis, obstetrics, emergency, and trauma care. Negative pressure operating rooms were created for use in emergency surgeries of COVID -19 patients.

During the lockdown, our academic activities uninterruptedly continued with classes and assessments through online platforms such as moodle and google classrooms and 'goto webinar'. Several webinars, COVID-19 centered students projects, PhD Viva voce, MCI Faculty workshop, MCI assessment were conducted online successfully.

SRMC is presently conducting several COVID-19 vaccine clinical trials including the Covaxin, Covishield and BCG vaccines. In addition, using the insights and experience gained by physicians in the treatment and management of COVID-19 patients, several research projects have been initiated and research publications made.

The multidisciplinary team meeting is being held 3 times a week to review all data, incidences, policies and procedure and changes recommended wherever

necessary. SRIHER was able to contain the spread of COVID-19 within the University campus by applying extensive contact tracing that was undertaken along with testing of health care workers and risk stratification.

Though the pandemic did affect the academics and the routine patient care, SRIHER (DU) was able to emerge unscathed. University examinations were held and results declared as per schedule for all final year and intermediary batch students.

I am also happy to inform that the admission process for all UG and PG programs have been completed and online classes commenced for the new students in all programs except medical and dental for the academic year 2020-21.

All these have been possible by the efforts and encouragement of our beloved Chancellor and Pro-Chancellor who, with single minded dedication, devoted their time and energy to help us in our multipronged fight against the pandemic. Dear Sirs, we salute you on this important occasion for leading the Covid-19 warriors from the front.

I take this opportunity to welcome all the graduands, Postgraduate, Ph.D scholars their parents and faculty members, Board members, university officials and the vast audience across the world.

Award of Merit-cum-means Scholarship to Undergraduate students

For the year 2019-20, “Sri Ramachandra University Founder-Chancellor Merit-cum-Means Scholarship Scheme” award of scholarships to meritorious health sciences undergraduate students from low income group was given to 59 students across 11 programs.

Exam Reforms and University Examinations

Sri Ramachandra has developed an Examination Management Information System (E-MIS) that is versatile, purpose-built software, created to seamlessly connect the user departments with the information receiving system at the COE's office. This helps in generation of student specific examination profiles, in order to track the performance of the student and to furnish timely input of exam related performance of the student. Besides, the installation of the online system at the departmental level has helped in the entry of practical exam marks, evaluation and compilation of exam components for final marks scored, online declaration of final results and digitization of grade cards / mark sheets.

In the examinations conducted by the Deemed University in 2019- '20, the overall pass percentage was 98.29%.

Central Library of the University

The Central library caters to the academic needs of the students of the University. The library holds a collection of 63,518 text books. 3,761 books and 1,285 e-books were added this year. We subscribe to 414 national and international print journals, 13,637 online journals and have 1,04,991 back issues. The e-learning resource has been well equipped with popular databases and widely used by faculty, students and research scholars. 8318 PhD theses and dissertation are available and 265 PhD theses were uploaded in Shodh Ganga.

Centre for Health Professional Education:

The Constituent Education units under the Centre for Health Professional Education spearheaded the implementation of learning management system (MOODLE) in the year 2016. The up-gradation for the MOODLE learning system from the 3.3 - 3.8 version in the year 2019 has enabled the use of this platform actively by students and the faculty of all the constituent colleges. Hundreds of educational videos have been uploaded through the Moodle platform which was extensively used by our students. Yet another introduction of the Big Blue Button, synchronous mode of online teaching has been on track for small groups of students especially for post graduates. Regular online assessments using the Moodle have improved the authenticity of the evaluation process. The transition to online teaching brought about by Covid-19 was relatively smooth due to the intense training the faculty has already received on 'online and blended learning teaching'.

The Medical Education Unit of SRMC & RI - MCI Nodal Centre regularly conducted faculty development programs and advance course in Medical Education for the curricular enrichment. In 2019-20 the following were conducted

- Second Phase curriculum implementation support program II (CISP) was conducted in February 2020,
- Revised Basic Course workshop for teaching faculty was conducted in March 2020

- Online curriculum implementation support program II (CISP II) was conducted for in-house faculty, June & July 2020.
- Advance course in medical education was conducted for in-house faculty, October 2019

“Training the Trainer” a simulation workshop to augment our faculty of Medicine, Dental, Pharmacy and Allied Health Sciences was initiated and conducted by Professor Dr. Makani Purva, from Hull University and Dr. Sreekumar, Anaesthetist from SRMC&RI.

SRIHER-HUTH Indo-UK Scientific Summit on Simulation was also conducted in February 2020 which benefited Faculty from Medicine, Dental, Nursing and Allied Health Sciences.

The Medical Education core members visited national and international simulation centres for enhancing the interdisciplinary skills development. A standard and structured template was prepared by the committee members and all faculties were instructed to follow the template which finally created a structured Inter-disciplinary curriculum for skills and simulation for all the faculties at SRIHER.

Major collaborative International program in February & March 2020 with Hull University was held. Sri Ramachandra Institute of Higher Education and Research (DU) in collaboration with Hull University Teaching Hospitals and University of Hull wherein 8 thematic verticals & research projects were discussed.

Research:

The Central Research Facility of SRIHER continues to play an active role in the research and development activities of the faculty and students and I am glad to inform that, 648 research projects are being carried out by our Faculty members and Researchers during the year 2019-20. The ongoing research project “Household Air pollution and Health: a multi-centric LPG intervention trial” with a grant of Rs. 22 crores by NIH, USA, is an achievement for our University. In addition, the fund generation through research and consultancy is around Rs. 16.49 crores for the period 2019-20. In the recent Scopus based SCImago analysis report Sri Ramachandra stands 25th among all universities in the country.

The faculty members from all the 12 constituent colleges have published a total of 614 research articles in national and international journals. The h-Index of 'Sri Ramachandra' in SCOPUS is 68 and the total citations received by publications of 'Sri Ramachandra' in SCOPUS in 2020 are 45,143. The High Impact Journals in which our Faculties have published include:

1. *The Lancet*
2. *British Medical Journal*
3. *Annals of Oncology*
4. *Environmental Health Perspectives*
5. *Oncogene*
6. *Journal of Heart and Lung Transplantation*
7. *Journal of Investigative Dermatology*
8. *British Journal of Cancer*
9. *The Cochrane Database of Systematic Reviews*
10. *Journal of Antimicrobial Chemotherapy*

Researchers with publications in high impact factor journals and those who have published patents are recognized with certificate of merits awarded on Founders day. Since 2014, the Deemed University has 37 published and three awarded patents and 25 copyrights granted.

It is fervently hoped that "Sri Ramachandra Innovation Incubation Centre" will contribute its share to "Make in India" policy of the Central Govt. I am also glad to report that the Centre has also obtained the ISO Certification for "facilitating guidance and resources for research projects and diagnostics of biological samples". This centre has attracted six incubatees from the industry and start-up sectors. The DBT-BIRAC-BIONEST has sanctioned Rs.6.63 crore for strengthening the incubators with Ramachandra's contribution of Rs. 1.80 crores.

Summer Research Fellowships for undergraduate students:

The Chancellor Summer Research fellowship is offered to the undergraduate students of all Faculties of SRIHER every year by funding short term research projects. These projects have been presented by the students at various national and international scientific fora. In 2019-20, 75 summer research fellowships were sanctioned.

GATE Project Research Grant

The 'GATE Project Research Grant' is an initiative to award promising full-time faculty members of the University every year to carry out research in the areas of basic, clinical or other applied health sciences. In the year 2019-20, Rs. 33.18 lakhs was sanctioned as intramural funding for faculty.

Founder Chancellor Ramaswamy Udayar Fellowships for Doctor of Philosophy

The increase in Founder Chancellor Fellowships from 21 to 35 has encouraged enrollment of full time Ph.D scholars for the academic year 2019-20. The stipendiary amount was also increased. The Ph.D program of our university has undergone several reforms with the aim to attract high quality full time Ph.D scholars whose research projects would address the needs of the society.

Healthcare:

Sri Ramachandra Hospital

Sri Ramachandra Hospital is a teaching hospital for providing medical education and training to all its programmes. The outpatient department receives around 5000 patients per day. The inpatient block has abed strength of 1584 including ICU and isolation beds. The hospital remains at the forefront in offering care at affordable cost for people across the social pyramid. Under the Tamil Nadu Comprehensive Chief Minister's Health Insurance Scheme, 15 Renal transplantation, 1 Liver transplantation, 1 Bone Marrow and 1 Heart transplantation have been done and 24 children have received cochlear implants and subsequent rehabilitation. Total beneficiaries under this scheme have been 6000 in 2019.

The initiation of cutting-edge multidisciplinary clinics such as the Movement disorders and Deep brain stimulation by Neurology and Geriatric Care of General Medicine and other super specialties clinics by Endocrinology, Rheumatology, Hepatology and Hand Surgery departments along with the functioning of outpatient services in departments of Clinical Psychology, Clinical Nutrition, Occupational therapy, Speech language therapy and Audiology, Physiotherapy services have provided support in scaling to the next level of care.

SRIHER has also established High Dependency Unit (HDU) under General Medicine care in the 1st Floor Male Medical Ward with 10 beds. Special devices such as the Common calling bell has been provided in all floor wash rooms in Inpatient areas as an additional safety measure. This service provided facilities for IP care of nearly 300 Covid patients with due requirements and 15 ICU facilities during March – November 2020.

For seamless and quick health care delivery, online entry of prescriptions and laboratory investigations for IP patients with establishment of Admission & Discharge counters and an information desk in Ground floor have been introduced.

To improve performance and quality various committees like Medical Records Committee, Pharmacy Committee, Infection Control Committee, Operation Room Committee, Safety Committee, Clinical Audit Committee and CPR Committee, Internal Complaints Committee are formed and functioning actively overall supervised by Audit, Academic and Administrative committees. The recommendations of these committees play an effective role in decision-making and in the implementation of hospital policies.

Community Outreach:

Social responsibility and participation in rural development:

The institution undertakes many efforts to incorporate social responsibilities among its students and faculty by promoting active participation in camps, awareness programmes and National Service Scheme.

These community services provide opportunities to translate the acquired skills and knowledge into practice in real life situations. It also fosters the sense of caring for others.

A number of medical camps have been conducted by various departments. To name a few, the 2019 yearly multispecialty camps at Rasipuram have had 4117 beneficiaries. With the financial assistance from SRIHER, free Mammogram was done for 1474 female patients from Melmalaiyanur (1474 beneficiaries) Puliyanoor, Thindivanam (930) Uthitamerur (286) Thatchoor (533) and Chennai.

Special outreach camps have been conducted at Nerkundram, Madhuravoyal, Mugalivakkam and Shakthi Nagar. Camps were conducted for school children of Jawaharlal Nehru Vidyalaya School, Kumananchavadi and Sundar Matriculations School, Poonamallee.

Department of Obstetrics and Gynecology, ENT, Pediatrics, Dermatology and Orthopaedics offer regular consultation at Lions club of Velachery on all week days. Many of these regular activities could not be conducted in 2020 due to pandemic.

Student support and progression:

Unit of UNESCO in Bioethics at SRIHER

World Bioethics Day 2019 was observed on 19th October with inspirational talk on the theme of the year “Respect for Cultural Diversity” by the Guest of Honor Prof. Praveen Kumar Arora, Head, International Committee for World Bioethics Day, UNESCO Chair in Bioethics, Haifa. Various competitions and a panel discussion with eminent professionals in bioethics were conducted. One student won the first prize in scientific poster category of International competition at World Bioethics Day 2019.

Placement Cell

The placement cell is the centralized department that caters to placement across all faculties. In the past academic year, nearly 100 campus recruitment events were completed. Also, the Placement cell initiated the continuous relationship with the recruiters through internships/projects to make the students employable (Industry Ready). Our students got placed in organizations like GE Wipro, Nestle, Canon, Siemens, The Himalaya group, Wockhardt, Fortis group, Pfizer, Apollo Group, Lenskart, etc. with the salary packages ranging from Rs. 2.0 lakhs to 12.0 lakhs.

Sports Activities

Sports activities by students have always been encouraged at SRIHER both nationally and internationally. Our students have participated and have accomplished individual and overall championships in national and international level competitions held in 2019 & 2020. There are some noteworthy individual achievements by our students

- Ms. Aarathy Kasturi Raj representing India in the international World Roller Skating Championship held at Barcelona and has won various prizes, bringing laurel to our university.
- Ms. Jaya Veena a final year student of B.Sc. Sports & Exercises sciences had won the Bronze Medal in Free Style Relay represented India at the 10th Asian Age Group Championships 2019 held at Bengaluru, India. She has also won the Gold Medal in senior national and the state level aquatic championship in 2019 held at Bhopal and Chennai.
- Students from Faculty of Physiotherapy (men and women) have won National Level Inter Physiotherapy Collegiate Sports Fest 2020 at SRM IT, Kattankulathur.
- Our students have won
 - Gold silver and Bronze medals at Tamil Nadu State Level Inter Collegiate Swimming Meet held on 15th & 16th February 2020.
 - Tennis and badminton for women in the Inter college levels.
 - Trophies in various athletic events in the inter medical collegiate tournament in the year 2019 at Kilpauk Medical College, Chennai.
 - Trophies in various athletic events in the inter medical collegiate tournament in the year 2019 at Christine Medical College, Vellore.

National Service Scheme (NSS) and (NCC)

National service scheme in this university has 5 NSS units with the 5th unit launched in 2018. The total strength of NSS volunteers is 500, which is the highest number in any medical university. These student volunteers have rendered need based relevant community services in the five adopted villages in Poonamallee Taluk. Apart from 26 regular community programs such as open defecation free village, garbage free village and disease free village including medical camps, this university has also implemented two Government of India programs namely “Swachh Bharat Summer Internship program” and “Unnat Bharat Abhiyaan Program” in the above adopted villages in 2019. The “National Service Scheme and Nation Building” is offered as a Skill Enhancement Elective Course to the students under the CBCS pattern.

NCC Army and Navy Unit of SRIHER have 50 cadets lead by two officers. As a part of training, the cadets have undergone many activities and camps like parade training, weapon training, swimming, semaphore training, boat pulling along with annual training camp, National Integration Camp, All India Trekking and Marina Republic day training camp. The NCC cadets also participated in run for unity Marathon, blood donation camp and Mega Swachhta Pakhwada conducted in our campus. Taking a call to celebrate Prime Minister Shri. Narendra Modi's Fit India Movement, a walkathon was organized on 22.1.2020.

Sri Ramachandra Alumni Association

The Alumni Association of Sri Ramachandra Institute of Higher Education and Research is a structured and unified body. There are currently 16,728 alumni registered through a specialized alumni management system "Alum Book". Seven alumni were recognized for their outstanding contributions to society at the Founders day celebration in 2019.

The University has also been recognized with the "Medical Excellence - Best Work Ethic Award" from Dr.K.Radhakrishnan, Principal Secretary to Govt., Dept. of Health and Family Welfare, Govt. of Tamil Nadu on 17th Oct. 2020 for initiating an online-healthcare "Lockdown clinic" by our dedicated medical alumni team for having treated more than 12,000 patients free of cost during the Covid crisis. For the care of our students as a goodwill initiative, the alumni association had also sponsored 2500 COVID safety kits consisting of face shield and masks.

Bridges

Bridges, the monthly newsletter of the University connects the Ramachandra Family through its updates the important happenings and events in the campus. During the year under report 12 issues and 8 book reviews have been accomplished.

Future vision:

The institution has recently approve 2035 vision document and also aligned the vision and mission of the university with the national education policy, national priorities and sustainable developmental goals with the aspiration to obtain world rankings in the coming years. We hope to become a multi-disciplinary university with

centres for excellence in cutting edge areas and a robust centre for open distance/online learning while promoting academia industry partnership. The steps required for achieving our stated goals for excellence have been put in place and we look forward to achieving them by 2035.

The challenges in the past year of coping with Covid-19 pandemic and our response to the impact on healthcare and education have made us confident that we will emerge stronger and be able to achieve the vision of our Founder-Chancellor to become a global leader in education, healthcare and research, in the near future.

May I take this opportunity to thank the Chancellor, Pro-Chancellor, University officers, faculty, students and staff for their united and untiring efforts in this challenging time.

I welcome you all once again and thank you very much for your attention.

May I request the respected Chancellor to declare open the 32nd Convocation of Sri Ramachandra Institute of Higher Education and Research, Deemed University.

OTHER WORKSHOPS

Online Workshop on Simulation Education was conducted on 27th July 2019

"Online Workshop on Simulation Education" was conducted in Sri Ramachandra Centre for Health Professionals Education (SRCHPE) in collaboration with Hull University, UK. SRIHER and Hull University are collaborating to develop Curriculum and Clinical teaching skills in Simulation for application in Medical Education and skill training.

As a first step towards this, the “Training the Trainer Workshop” on “SIMULATION EDUCATION “ for Health Professional Educators was conducted as a six hour Online Workshop through Skype connection between SRIHER and Hull University.

Professor Dr. Makani Purva, Chair of Standards for Simulation based education Committee at Hull University and Dr. Sreekumar, Anaesthetist from SRMC&RI trained at Hull University were the resource faculty.

Faculty members from Faculties of Medical, Dental, Nursing, Physiotherapy, Pharmacy and Allied Health Sciences participated. The program included interactive lectures, Scenario writing, demonstration activity and debriefing training.

For the first time in our University, this workshop was conducted through Skype. The feedback from the participants was encouraging and boosted confidence to train students in Simulation. A focussed workshop that will reinforce the concepts and to sustain teacher competence is being planned soon.

SRIHER-HUTH INDO-UK SCIENTIFIC SUMMIT ON SIMULATION was conducted on February 28th 2020

Simulation is the present day state of art in health care education. This conference was unique as it is Interprofessional with the participating beneficiaries being Faculties of Medical College, Dental College, Nursing College and Allied Health Sciences. The Conference highlights were lectures on Simulation in health care education, research and funding opportunities in Simulation, latest modalities in Simulation; Debate on the cost-effectiveness and need for Simulation in health care education. These lectures covered the need for Simulation in health care education, how to inculcate Simulation into our present curriculum, what are the various research studies that could be done in Simulation and also funding options available for the same. There were live demonstrations of Virtual reality tools in Basic life support, in surgical training and various other aspects of health care education. The Hands on training workshops conducted were :i) Developing and setting up In-situ simulation. ii)ABC of Debriefing: (iii) Top tips for setting up a Simulation Center and Sim program. All the participants gave excellent feedback about the summit.

Conferences / Workshops Attended

- Dr. R. Ramya and Dr. Shuba attended the EUSIM- Simulation workshop at St. John's Medical College, Bangalore from 3rd to 5th September 2019
- Dr. Saravanan – Gen Surgery , Dr. Anbarasi K, Dental Sciences attended Simulcon India 2019 – Empowering Healthcare simulation conference at GSL Medical College & General Hospital, Andhra Pradesh on 13th & 14th December 2019
- Dr. Prasanna Kumar – ENT, Dr. T. Mohanapriya – Gen Surgery, Dr. Seethalakshmi – Nursing attended Simulation training education for Patient Safety (STEPS) Workshop at Mahatma Gandhi Medical College and Research Institute, Pondicherry 8th & 9th November 2019

DIGNITARIES VISITED THE DEPT./FACULTY (RELEVANT SELECT PHOTOS MAY ALSO BE ATTACHED)

- Mr. Krishna Mohan IAS, Addl. Chief Secretary and Financial Commissioner Revenue Government of Haryana delivered lecture on E-governance and Ethics and Values in an organization on 23rd October 2019.

QUALITY SYSTEMS OF SRMC & RI (DU) & MEDICAL CENTRE

QUALITY IMPROVEMENT AND PATIENT SAFETY

The Department of Quality is responsible for implementing quality improvement activities and provides guidance and support for hospital-wide Quality improvement efforts.

STRATEGIES FRAMED AND IMPROVED:

1. Development, measuring and improvisation of 200 + clinical indicators and 400+ managerial and facility indicators against National & International benchmarks.
2. Established 53 Customized clinical and non-clinical specialty based training modules for imparting effective and focused learning.
3. About 1720 patients with high risk to moderate risk intervened for preventive fall risk measures, thus achieved 0.22% to 0.06% fall rate which is below NHS benchmark. (*Publication: Vol.7. No.12 19th September 2015*)
4. Promoting culture of patient safety – encouraging HealthCare Workers to ‘Speak up’ with more than 100 self-reporting of the errors.
5. 41172 catheters / year monitored for prevention of phlebitis and infiltration and achieved lowest of international benchmark - 1.3% to 0.6%
6. Customized disease specific post discharge Do's & Don'ts related to specific disease, dietary needs , Vernacular prescription, along with the contact number of nurse supposed to be contacted during query.
7. Established 11 number of Clinical Pathway / Practice Guidelines for risk assessment tools for prevention of DVT, LSCS, CAUTI, VAP, Intra-dialytic hypotension, therapeutic pressure injuries, safe sedation, pain management, chemotherapy, safe surgical practices. *No. of Publications – 4*
8. Total number of incidents raised and resolved which evident practices of safety culture – 2599 /year.
9. Each process flow with sub process flow are standardized with Turn Around Time with accountability
10. Evidence based data validation for 750 QIs with >95% confidence level
11. **Improvisation in the analysis of incident reporting system:**
 - a. Development of Incident Error Report Prevention (IERP) system to evaluate the potential of the risk
 - b. Easy to adapt algorithm for incident reporting and corrective measures
 - c. Number of communications -784
 - d. Number of appreciations to staff - 39
 - e. Number of incident discussions - 233

- f. Number of RCAs - 1
- g. Number of training sessions - 720
- h. Number of personnel attended - 8642
- i. Number of system process changes - 2
- j. Process improvement initiatives - 14

12. Development of Online physician handoff communication

- 13. HIS compatible discharge process
- 14. Standardization of out-patient and in patient forms
- 15. Development of patient education material

ACHIEVEMENTS:

Some of the indicator's data on par with International benchmarks:

- Decrease in the percentage of incidents of the following Patient safety areas
 - Decrease in the no. of skin incidents related to Dynaplaster–10 to 4
 - Decrease in the IPSPG I non-compliances -6% to 3.8%
 - Decrease in the IPSPG II non-compliances -1.3% to 0.17%
- Decrease in the percentage of incidents of the following medication safety areas
 - Near miss incidents-0.9% to 0.4%
 - Dispensing errors- 10% to 3%
 - Administration errors- 4% to 2.7%
- No. of occupational exposures reduced from 24 to 8 through efficient education.

AWARDS:

- Sri Ramachandra Medical Centre was awarded the IPS Excellence Award for “**New Dimensions/ Innovations in Patient Safety Practices**” category on 14th September, 2019.

PLACEMENT CELL

**ALUMNI ASSOCIATION OF SRI RAMACHANDRA INSTITUTE OF HIGHER EDUCATION
AND RESEARCH (DU)**

The Alumni of the University has registered on 13th November 2018 as the “**ALUMNI ASSOCIATION OF SRI RAMACHANDRA INSTITUTE OF HIGHER EDUCATION AND RESEARCH**” under the Tamil Nadu Society Registration Act, 1975.

The Alumni Association was recognized through an online-healthcare “Lockdown clinic” initiated by our dedicated alumni medical team during the Covid-19 crisis with the “Medical Excellence - Best Work Ethic Award” from Tamil Nadu State Health Secretary Dr. K.Radhakrishnan, Principal Secretary to Govt., Dept. of Health and Family Welfare, Govt. of Tamil Nadu, for having treated more than 12,000 patients free of cost. For the care of our students, as a goodwill initiative, the alumni association had also sponsored 2500 COVID safety kits consisting of face shield and masks for their safety and health. Seven Alumni received **Distinguished Alumni Awards** during University Day held on 18th September 2019.

Our 1st Annual General Body Meeting was held on 19th July 2019. The Alumni Chapter of Speech Language and Hearing Sciences has provided scholarships for research and conferences and the Alumni chapter of Dental College provided with free Sanitary Napkin Vending Machine in the girl's washroom. Alumni meets were organized by the Departments of ENT, Forensic Medicine, Speech, Language & Hearing Sciences, Clinical Psychology, Trauma Care Management, Sri Ramachandra Faculty of Management, Sri Ramachandra Faculty of Biomedical Sciences and Department of Human Genetics. The collective functioning of the Alumni and its chapters has ensured a functional, active and vibrant alumni association.

The Alumni of the University also conducted guest lectures and workshops in their respective constituent college/units.
